COMPENSATION BY EXPERIENCE LEVEL
90-DAYS POST GRADUATION

	ANNUAL BASE SALARY				SIGNING BONUS
	Total	Prior Work Experience			
		None	1-2 Years	3+ Years	
Mean	$96,670	$92,490	$97,404	$107,240	$9,901
Maximum	$130,000	$115,000	$130,000	$130,000	$25,000
75th Percentile	$105,000	$100,000	$105,000	$115,000	$10,000
Median	$95,000	$90,000	$95,000	$110,000	$10,000
25th Percentile	$87,500	$85,000	$90,000	$95,000	$6,800
Minimum	$50,000	$50,000	$75,000	$62,000	$3,000
N	111	59	26	25	80
% Reporting	99%	53%	23%	23%	72%

Notes: Data with respect to salaries and bonuses are self-reported by graduates (without anonymity) and whenever possible verified by employers in cases where placement is arranged by the Institute (i.e., most candidates). One graduate was on leave from the government and returned to public service. All other job placements are full-time paid positions. Data are made public here to guide prospective students and employers. Annual base salary figures do not include signing bonuses, relocation allowances or other forms of one-time compensation guaranteed upon signing. Conditional job offers (i.e., those requiring security clearance prior to employment) are not included in salary data. As a STEM-qualified degree, international MSA graduates are eligible for Optional Practical Training (OPT). Commencement is typically held on the first Saturday in May, and data are reported each year as of May 15th for consistency.

This addendum reflects the placement compensation results 90-days post graduation.

EMPLOYERS

(n = 66; with 52 employers succeeding in hiring one or more candidates)

Xerox

Bold = employers that succeeded in hiring one or more candidates.
* = employers that hired more than one candidate.
List does not include conditional offers (i.e., those requiring security clearance) made by agencies of the federal government.

STATEMENT BY THE DIRECTOR ON THE IMPACT
OF THE CORONAVIRUS PANDEMIC

Throughout its history, the Institute has reported job placement results for its students at the time of graduation. The Class of 2020 is no different. However, because of the impact of the coronavirus pandemic, the Institute is providing this addendum to the 2020 placement report to account for the placement activities 90 days after graduation. The Institute remained actively involved in the job search for students seeking employment after graduation. We are pleased to report, even in the exceptionally difficult economic circumstances, the Class of 2020 has attained a 95% placement rate three months after graduation.

DISCLAIMER

The Institute has a proven track record for placing graduates in the analytics profession, but it does not under any circumstance offer a guarantee of employment upon degree completion.

DIRECTOR'S CERTIFICATION

The report of employment outcomes referred to above present fairly, in all material respects, the employment of the Institute's students at graduation as of May 15, 2020 in conformity with principles generally accepted among universities in the United States of America.
